

15 Perfect Fall Trips To Take — Without Using Vacation Days

Charleston, SC

Charleston was recently dubbed the “Best City In the World” by Travel + Leisure, so you should pay a visit to the Southern locale to see for yourself. The city, founded back in 1670, still has cobblestone streets and old, classic buildings. Its long history is on display in the architecture and tourist sites, which include Fort Sumter, and it is well known for its local food and music. Be sure to throw back some oysters at Pearlz Oyster Bar and pull up a chair at Hominy Grill, which serves up local favorites like the Charleston Nasty Biscuit (which features fried chicken breast, cheddar cheese and sausage gravy).

Where To Stay: The Vendue, which is dubbed “Charleston’s Art Hotel,” is a must-stay while in the Southern city. It has its own art collection, eclectic, luxe rooms and complimentary bike rentals to help you explore the town.
